

# Teamwork

## Get Started

or

Get paper and a pencil.

Put **0 1 2 3 4 5 6 7 8 9** in a bag.

## For Each Round

Pick four tiles. Fill the squares for the first number.

Let your partner, or the other team, pick four tiles to fill the squares for the other number.

Make sure that the first number is greater than the second number.

Take turns as you do the steps listed below in order.

**STEP 1** Estimate the difference.

**STEP 2** Explain how to subtract the ones.

**STEP 3** Explain how to subtract the tens.

**STEP 4** Explain how to subtract the hundreds.

**STEP 5** Explain how to subtract the thousands.

**STEP 6** Say the difference.

|  |  |  |  |
|--|--|--|--|
|  |  |  |  |
|  |  |  |  |

If you have more time

Give examples to explain why someone might need to subtract two numbers like these.
